- ✓ **Pad Batch Dyeing Machine**
- ✓ **Electronic Balances**

And many other types of equipment related to testing of Dyes & intermediates.

# Company Profile

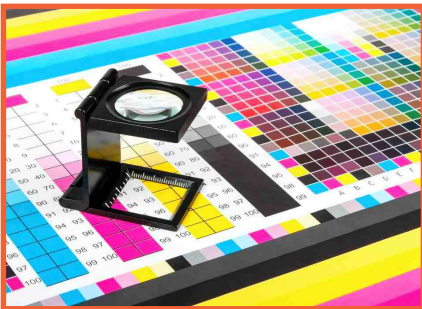

## ENVIRONMENT

**Venus Organics** have an attitude of healthy respect toward protection of precious natural resources. Our sensitivity is reflected aptly with our active participation in green environment to operate society & our industrial effluent is treated in common treatment plant known as The Green Environment Service Co-Operative Society Ltd. We are always for efforts to reduce waste through reuse and recycling.

## QUALITY POLICY & CUSTOMER SERVICE

We believe in strong relationship on the basis of trust in our clients, business friends and employees which we experienced for more than 20 years. Our clients are not only our patrons but our top priority. To reach the client's satisfaction and their edge we develop our product line with our own new indigenous technologies. A large number of clients of high repute are proof that we are on the right track.
